What's New in the EasyBanner Free?

EasyBanner Free is an easy-to-use application for creating banners using files of the EBBF (EasierBanner Format) and GIF (GIF Animation Format) file types. EasyBanner Free has a simple and intuitive interface that allows users to create banners within a few minutes. You can preview and check your banner easily, making the creation process even easier. EasyBanner Free offers many useful and time-saving features: The "Create" function allows you to create an animation banner without having to open a new page. In the "Options" tab, you can select the duration of the animation and change the speed, loop, wipe and fade settings. You can apply a solid color, gradients and special models to your animation. In the "Options" tab, you can select an image from your computer as a background. The program offers two backgrounds: a solid color and a gradient. The gradient can be modified by tweaking the settings in the "Options" tab. The "Options" tab also allows you to modify the text.
